

WHAT TO DO AFTER A FIRE

A helpful checklist

- Contact your local disaster relief service, such as the American Red Cross. They will help you find food, clothing, medicine and a place to stay.
- Contact your insurance company. Be sure to ask what you should do to keep your home safe until it is repaired and who you should talk to about cleaning up your home.
- Check with the fire department to make sure that your home is safe to enter. Be very careful when you go inside. Floors and walls may not be as safe as they look.
- Contact your landlord or mortgage company to report the fire.
- Try to find valuable documents and records.
- If you leave your home, call the local police department to let them know the site will be vacant.
- Begin saving receipts for any money that you spend related to the fire loss. The receipts may be needed later by the insurance company and to prove any losses claimed on your income tax.
- Check with an accountant or the IRS about special benefits for people recovering from fire loss.
